Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative submitted a proposed amendment to independent claim 20 and several of the dependent claims. The rejections under 35 U.S.C.112 First and Second Paragraphs have been overcome. It would appear that the amendment to independent claim 20 also defines over the primary reference to Blossch et al. The examiner informed applicant's representative that this amendment, once officially submitted, would be subject to further consideration and a new search .
